

People with hearing loss are at the heart of everything we do because we know they're placing their trust in us. This is why we've not stopped pioneering innovative new technologies, with consistent quality, for over 150 years to help them feel more involved, connected and in control, transforming their lives through the power of sound. Our products are available exclusively through audiologists and hearing care professionals.

ReSound is part of the GN Group – pioneering great sound from world-leading ReSound hearing aids to Jabra office headsets and sports headphones. Founded in 1869, employing over 5,000 people, and listed on NASDAQ OMX Copenhagen, GN makes life sound better.

Enrich your  
everyday

ReSound GN

GN Making Life Sound Better

A good  
conversation  
is invaluable

So many of life's pleasures depend on good hearing. Conversations. Children's laughter.

For most people, hearing loss is gradual. You hardly notice it. But you do notice some things. Conversation becomes harder to follow and makes you tired. And you forget about some of the small sounds that enrich your everyday life, like birds singing.

The excellent sound quality of ReSound Ligo™ means you use less effort to enjoy life in all its richness. And you'll have more energy to spend quality time with your loved ones.

#### **ADVANCED HEARING TECHNOLOGY**

- Identify and understand clear speech in noisy environments with Adaptive Directionality
- Enjoy a comfortable listening experience in noise or wind thanks to Noise Tracker™ II and Windguard™
- Go through your day untroubled by whistling sounds, which are eliminated by the DFS Ultra™ II
- Discreetly change the volume or program of both hearing aids by adjusting just one of them thanks to Ear-to-Ear communication
- Get relief from tinnitus with the inbuilt Tinnitus Sound Generator™

## Connect with the ones you love

ReSound Ligo™ wireless models feature 2.4 GHz wireless connectivity and are compatible with the full lineup of ReSound wireless accessories. You will also enjoy personalising your hearing experience by creating and saving your own favourite settings with the industry-leading ReSound Smart 3D app.

### RESOUND WIRELESS ACCESSORIES

- Stream stereo audio from your TV, computer or music player directly to your hearing aids with the TV Streamer 2
- Hear someone who is wearing the Micro Mic and Multi Mic in background noise or over distance
- Adjust volume, change hearing programme or mute your hearing aids with the Remote Control and Remote Control 2

# Quality and comfort you can count on

Available in a wide range of attractive, discreet designs, ReSound Ligo™ delivers all-day listening and wearing comfort. No matter which model you prefer, you'll find a wide range of colours to match the colour of your skin or hair. And because every component is coated with iSolate™ nanotech, your hearing aids come with long-lasting protection from water, dust and earwax.

So, whether your hearing loss is mild or severe-to-profound, you can find a ReSound Ligo™ hearing aid that not only fits into your lifestyle but also stands up to the rough and tumble of your everyday life.
